OBJECTIVE

Software Engineering student with hands-on experience in Java, Python, Data Structures, and backend development. Skilled in building, testing, and debugging scalable applications, with strong problem-solving ability and experience working across full software development life cycles.

EDUCATION

Bachelor of Technology, Parul University Expected 2026
Relevant Coursework: Data Structures, Algorithms, Operating Systems, Database Systems, Object-Oriented Programming

Dual Degree, Parul University 2023-2024
Relevant Coursework: Deep learning, Neural Networks

SKILLS

Programming Languages	Java, Python, JavaScript
Core Computer Science	Data Structures, Algorithms, OOP, Operating Systems, Databases
Software Engineering	SDLC, Debugging, Unit Testing, Code Reviews, Problem Solving
Backend & Web	RESTful APIs, Backend Development, SQL
Tools	Git, Linux Basics
Soft Skills	Communication, Adaptability, Time Management, Ownership

EXPERIENCE

Content Writer (Technical Documentation) Aug 2024- May 2025
Parul University *Vadodara, IND*

- Achieved a 30% increase in learner engagement by enhancing research-based educational content
- Led curriculum content improvements that increased clarity, accuracy, and student comprehension by 25%

Machine Learning Engineer Apr 2023 - Jun 2023
Plasmid Innovations *Remote*

- Developed Python-based data processing and ML pipelines that contributed to a 35% improvement in overall model performance
- Led ML pipeline optimization efforts resulting in a 35% boost in system efficiency

PROJECTS

Hack & Hired. Developed a full-stack MERN application enabling students to discover jobs and internships. Designed RESTful APIs, implemented backend logic, integrated MongoDB for data storage, and built responsive UI components using React.

Image Caption Generator. Built an AI-based application using CNN-LSTM architecture to generate captions for images, with emphasis on model integration and application workflow.

EXTRA-CURRICULAR ACTIVITIES

- Completed industry-recognized certifications and actively engaged in online tech communities to strengthen software development skills.
